**Brief Description:** The medical / eye / dental mission planned for this summer will be based in Guayaquil. Each day, missionaries will travel by bus to a different church, set up, and operate a clinic. Most of the churches will be either in the city limits or relatively near Guayaquil. One or two may be farther away, but usually no more than a two-to-three hour drive. At the end of the week, missionaries have the option of spending time in Quito or elsewhere. If you do go to Quito, it is best to book plane reservations returning to the U.S. from there, so keep this in mind when making reservations.

**Mission: Depart U.S. July 16 or 17 – return July 24, 2010 (unless doing an extension)**
