

Medical Mission to Ecuador

Dioceses of Tennessee and Litoral, Ecuador

JULY 19 - 23, 2010

For the past 11 years, parishioners from the Diocese of Tennessee have traveled to the Diocese of Litoral to conduct medical clinics and share in the lives of our brothers and sisters in Ecuador. Plans for this summer's mission trip are underway.

If you would like to join others from our diocese on this trip, **please fill out and mail an application**. A limited number of travel scholarships are available.

Parishes and individuals are encouraged to make monetary donations to the Overseas Evangelism Account, designated for Ecuador missions, to assist with the expenses of purchasing medicines and on-site travel and supplies.

Please pray for our brothers and sisters in Ecuador and for those planning and participating in the medical missions.

For information about the medical mission, please contact:
